Excellent Service

We take great pride in providing an extensive array of onsite computer and network support. We would be hard pressed to list everything we can do or have done for our small business customers and individuals, but here are just a few examples of our services:

- *High-Speed Data Connections*

Are you tired of a slow internet connection over the telephone line? We can help with solutions such as DSL, Cable Modem, or an ISDN line.

- *Virus Protection and Recovery*

Do you have a virus? Do you have up-to-date virus software? There are hundreds of new virus's spreading weekly. Make sure you protect your data!

- *Hardware Troubleshooting/Installation*

Do you have problems with your scanner? Printer? Mouse? Modem? Sound? Would you like a CDRW Drive? We have several hardware vendors to get you the best product at a low price installed and working correctly.

- *Software Troubleshooting/Installation*

Are you having problems getting your software to run on your machine? Compatibility problems? We will troubleshoot your problem for you, and if we don't fix it..... no charge! We will also recommend a solution for you!

- *Website Design*

Do you need a website? Do you want www.yourname.com? Do you want your own permanent e-mail for you or your business? We have several web solutions waiting for you, to fit any budget.

- *Configuration and Updating*

Do you need a new system, but are afraid of losing your data? Do you have an older system that just needs a little help? We will evaluate your system and give you an estimate at no cost! Just give us a call.

- *System Back-up*

Protect all of your hard work with regular back-up of your precious data. Be prepared! Don't let disaster strike you! All it takes is a couple minutes to insure that your data is protected.

Marketing Technologies

Do you want to e-mail a colorful newsletter to your clients and potential clients? Keep them thinking of you and coming back to your website by regular interesting and appealing correspondence..... with no postage!

Now there is no need to be afraid of computers anymore! We are here to train you at any level in your home/office using your computer or in my office using mine.
